

WTA-ZERTIFIKAT

The International Association for Science and Technology of Building Maintenance and Monument Preservation (WTA) hereby certifies that the company

Remmers GmbH

submitted the results of the injection materials performance test in accordance with WTA recommendation 4-10 and that these results were reviewed by the WTA Inspection Committee. The performance test was carried out by an injection materials test institute recognized by the WTA.

The following injection material passed the performance test based on the application parameter described in the test certificate No.

No. 2289

dated 21.12.2017

This material therefore complies with the requirements of WTA recommendation 4-10:

Kiesol C [basic]

	Permission is hereby given to label the product with the service mark.	This certificate cannot be transferred to other injection materials.	Upon request, the period of validity may be extended in accordance with WTA recommendation 4-10
The certificate is valid until: May 2023
